## Export Compliance Certification

To: All Suppliers

Please be advised that all commodities (Product) purchased by Rotair Aerospace Corporation are in the Commerce Controlled List and are therefore governed by the U.S. Export Administration Regulations (EAR) administered by the Department of Commerce. Almost all Product we purchase are helicopter spare parts classified under one of the following four ECCNs: EAR99, 9A991.d 9A610.y or 9A610.x. Rotair does not purchase or sell any parts that fall under the jurisdiction of ITAR.

As a manufacturer of helicopter spare parts, much of the Product purchased by Rotair is for stock or for the manufacture of higher assemblies. Therefore the end use, end user and ultimate destination of the parts may not be known at the time of purchase. As the purchaser of Product from your company and in compliance with the EAR with respect to the possession, resale and/or export of Product purchased, Rotair certifies that:

- Rotair is a U.S. company, and employs only U.S. persons (as defined in the EAR).
- Rotair has a detailed, written Export Controls Compliance Program in place to ensure compliance with all elements of the EAR.
- The possession, resale and export of all Product purchased will be in full compliance with the EAR.
- Rotair shall perform appropriate due diligence with respect to the end use, end user, intermediate consignee(s), and ultimate destination of all Product resold.
- All of Rotair's customers shall be advised on the invoice that the Product(s) are controlled by the U.S. Commerce Department under the EAR via the following Declaration Control Statement:

*These items are controlled by the U.S. Government and authorized for export only to the country of ultimate destination for use by the ultimate consignee or end-user(s) herein identified. They may not be resold, transferred, or otherwise disposed of, to any other country or to any person other than the authorized ultimate consignee or end-user(s), either in their original form or after being incorporated into other items, without first obtaining approval from the U.S. government or as otherwise authorized by U.S. law and regulations.*

Please accept and maintain on file this letter as Rotair's certification to fully comply with the EAR with respect to use, resale and or export of all Product purchased from your company.

Respectfully,

**Rotair Aerospace Corporation**

Christopher J Bogan

General Manager & Export Control Officer
