

We are industry specialists in
CH-53 parts and systems

www.rotair.com

Rotair Aerospace manufactures thousands of types of Rotary Wing Components.

This encompasses a wide variety of precision-crafted **Sikorsky CH-53 Series** parts including mechanical flight control and flight-critical sub-assemblies, complete landing gear, hydraulic systems, and more.

With our years of experience in managing large projects, we are capable of tracking thousands of components through production to their final assembly for timely delivery of a high-quality product.

Our capabilities include:

HYDRAULIC TEST FACILITIES

Rotair is capable of testing a wide variety of hydraulic components, including landing gear, dampeners, servos, aircraft hydraulic control systems, and more.

AVIONICS DEPARTMENT

We manufacture and overhaul a variety of parts including microprocessor-based components, flight control systems, control panels, relays, and more.

QUALITY ASSURANCE

Our Quality Management System includes experience with Flight Safety Critical Parts and Assemblies. Rotair is in conformance with International Quality System Standard **AS9100 & ISO 9001**. We utilize state-of-the-art inspection equipment such as Bridge-Type and Handheld Probe Coordinate Measuring Machines that facilitate high-accuracy measurements.

Flight Control Components

Bellcrank Assemblies

Avionics Systems

Blade Fold Pylon

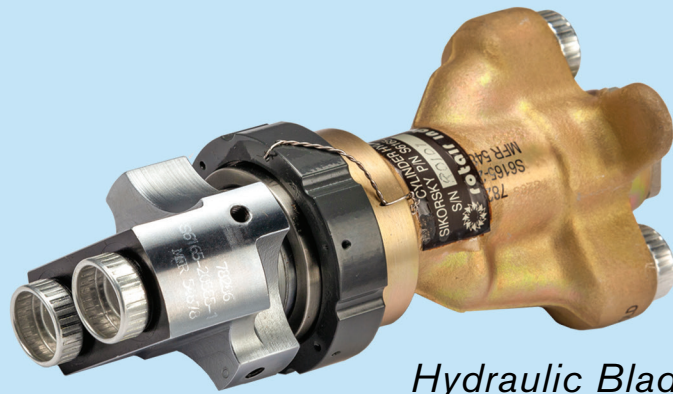

Flight Control Tubes

Rotor Head Components

Sleeve Assembly

Vertical Hinge

Hydraulic Blade Folding Coupling Assembly

Hydraulic Components

Tandem Servo Assembly

★ **FLIGHT CRITICAL!** Gearbox Components & Bearings

Bevel Gear

Stack Bearing

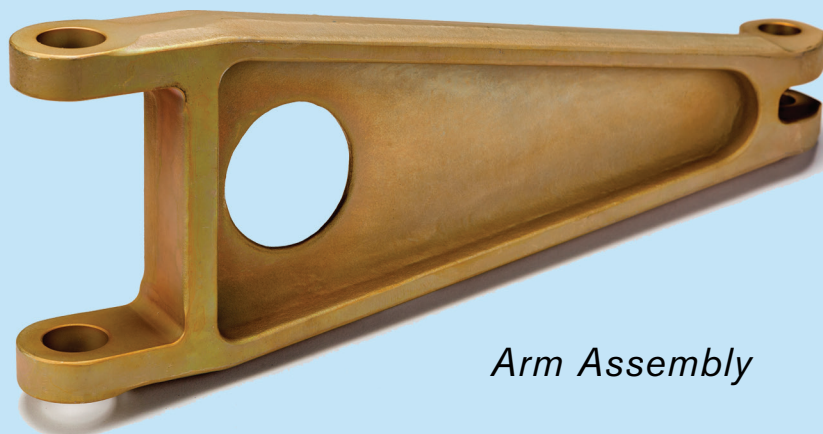

For more than four decades, the performance of Rotair Aerospace in the supply and manufacture of quality helicopter parts has made it an industry leader.

We offer testing, inspection, overhaul, and repair services for aircraft components serving commercial and defense aviation sectors worldwide with their helicopter spare parts needs.

No matter your needs, when it comes to helicopter parts, we have you covered.

Give us a call today for more information.
